

NAME

FcPatternIterNext –

SYNOPSIS

```
#include <fontconfig/fontconfig.h>
```

```
FcBool FcPatternIterNext (const FcPattern *p, FcPatternIter *iter);
```

DESCRIPTION

Set *iter* to point to the next object in *p* and returns FcTrue if *iter* has been changed to the next object. returns FcFalse otherwise.

SINCE

version 2.13.1
