

**NAME**

woeusbgui – A GUI wrapper for woeusb(1)

**SYNOPSIS**

**woeusbgui**

**DESCRIPTION**

This is a GUI wrapper for woeusb(1), currently it only support **--device** creation method.

It is advised to use woeusb(1) instead, as it is more well-maintained and support more creation methods.

**OPTIONS**

There are no command line options yet.

**BUGS**

Refer our issue tracker (<https://github.com/slacka/WoeUSB/issues>)  
for any known issues
