NAME

cups−calibrate − ESP CUPS Printer Calibration Tool

SYNOPSIS

cups−calibrate

DESCRIPTION

This program allows you to calibrate the color output of printers using the **Gutenprint** *CUPS* driver. Please note that this program **only** works with the **Gutenprint** *CUPS* driver.

These drivers are identified by the text *CUPS+Gutenprint* in the model description displayed by the CUPS web interface.

To make a calibration profile for all users, run this program as the **root** user. The program displays a series of prompts which should simply be followed.
