NAME

   FcPatternIterStart – Initialize the iterator with the first iterator in the pattern

SYNOPSIS

   #include <fontconfig/fontconfig.h>

   void FcPatternIterStart (const FcPattern **p***, FcPatternIter ****iter***);**

DESCRIPTION

   Initialize *iter* with the first iterator in *p*. If there are no objects in *p*, *iter* will not have any valid data.

SINCE

   version 2.13.1
