NAME
notepad – Wine text editor

SYNOPSIS
notepad [*text file*]

DESCRIPTION
notepad is the Wine text editor, designed to be compatible with its Microsoft Windows counterpart. It supports ANSI, UTF-8 and UTF-16 files, and can read (but not write) files with Unix line endings.

BUGS
Bugs can be reported on the **Wine bug tracker** ⟨https://bugs.winehq.org⟩.

AVAILABILITY
notepad is part of the Wine distribution, which is available through WineHQ, the **Wine development headquarters** ⟨https://www.winehq.org/⟩.
